Brighthouse Financial has your short-term life insurance needs covered.

Many people think about life insurance for the long term. But situations arise when protection is needed for a shorter period. Brighthouse One Year Term offers affordable protection when you require insurance for the short term.

Brighthouse One Year Term is designed to deliver the right amount of protection when it's needed most, or to supplement the policy you already have.

Brighthouse One Year Term is a simple, straightforward term life insurance policy. You choose the death benefit and, once approved, you are protected for one year.¹

Individuals can use it to:

- Provide coverage for an extended trip
- Bridge a gap in coverage between jobs
- Increase coverage before Social Security payments or pensions begin

Businesses can use it to:

- Cover short-term loans
- Protect the business from the loss of a key employee
- Provide gap coverage before a business is transferred

Looking for longer-term coverage?

Adding the Convertible and Renewable Options Rider extends your coverage to 5 years. Plus, you can convert to Brighthouse Conversion Whole Life after the first year.

With Brighthouse Conversion Whole Life, you can have a:

- Guaranteed level premium that will guarantee coverage if premiums are paid
- Guaranteed level death benefit
- Guaranteed cash value growth

¹ Policies without the Convertible and Renewable Options Rider are non-renewable and non-convertible. For coverage beyond one year, you would need to apply and be approved, for a new policy. Policies with the Convertible and Renewable Options Rider have a total coverage period of 5 years. Premiums with the rider will be more expensive and will increase each year on a guaranteed basis.
