

New Contract Rates

For Use in All States Except New York

Effective 2/15/2019 through 2/28/2019 and are subject to change

The BrighthouseSM Fixed Rate Annuity MVA is designed for long-term retirement savings and provides the opportunity to obtain a stream of payments for life. You can lock in a fixed interest rate for an Initial Guarantee Period of 3, 5, or 7 years.

Initial Guarantee Period	Purchase Payment \$25,000-\$99,999	Purchase Payment \$100,000 ¹ and more
3 years	2.70%	2.85%
5 years	3.10%	3.25%
7 years	3.15%	3.30%

Rate Lock

- If the application is received within 7 calendar days of the application sign date, the rate is locked at the application sign date for 60 days from the application sign date.
- If the application is received 8+ calendar days after the application sign date, the rate is locked at application received date for 60 days from the application received date.
- If the contract is issued² after the 60-day rate lock has expired, then-current rates apply.

Renewals

- At the end of the Initial Guarantee Period, the contract will automatically renew into a Subsequent Guarantee Period of one year at the then-current renewal interest rate, and will no longer be subject to a Withdrawal Charge or MVA.
- For each Subsequent Guarantee Period, a new renewal interest rate will be declared. Renewal interest rates will generally be lower than the Initial Guaranteed Interest Rate, but will not be less than the Minimum Guaranteed Interest Rate (MGIR).

For more information, contact your financial professional today.

¹ The Enhanced Interest Rate may not be available if the new contract rates for a Purchase Payment of \$25,000-\$99,999 are equal to the contractual MGIR. The MGIR is based on effective date of the contract. Beginning December 1, 2018, the MGIR for newly issued contracts is 0.50%.

² For applications reflecting a single purchase payment, the contract is issued when the purchase payment is received and applied to the contract. For applications reflecting funds from multiple sources, a calculation based on the amounts and the date received is used to determine when the contract is issued.

Access Your Money

- In the first contract year, the Free Withdrawal Amount is 10% of the Purchase Payment. After the first contract year, the Free Withdrawal Amount available in each contract year will be equal to 10% of the Account Value as of the previous contract anniversary.
- Interest Income Program.
- Full Account Value – after the Initial Guarantee Period.
- If you withdraw more than your Free Withdrawal Amount, a Withdrawal Charge and Market Value Adjustment (MVA) may apply.
- At the appropriate time, you can convert your contract into a stream of fixed income payments, guaranteed for life.
