The Brighthouse Guaranteed Income BuilderSM deferred income annuity, like all annuities, is an insurance product and not insured by the FDIC, the NCUSIF or any other government agency, nor is it guaranteed by, or the obligation of, the financial institution that sells it. All contract guarantees and annuity payout rates are subject to the claims-paying ability and financial strength of the issuing insurance company. They are not backed by the broker/dealer from which this annuity is purchased, by the insurance agency from which this annuity is purchased or any affiliates of those entities and none makes any representations or guarantees regarding the claims-paying ability and financial strength of the issuing insurance company. Similarly, the issuing insurance company does not back the financial strength of the broker/dealer or any of its affiliates.

Like most annuity contracts, Brighthouse Financial contracts contain charges, limitations, exclusions, holding periods, termination provisions and terms for keeping them in force.

Distributions of taxable amounts are subject to ordinary income tax and, if made before age 59½, may be subject to a 10% federal income tax penalty. Some broker/dealers and financial professionals may refer to the 10% federal income tax penalty as an “additional tax” or “additional income tax,” or use the terms interchangeably when discussing withdrawals taken prior to age 59½. Distributions of taxable amounts from a nonqualified annuity may also be subject to the 3.8% Unearned Income Medicare Contribution tax if your modified adjusted gross income exceeds the applicable threshold amount.
