**Variable Investment Option Performance Update**

**Brighthouse Life Insurance Company**

The performance data quoted represents past performance and does not guarantee future results. Current performance may be lower or higher than the performance figures quoted. Performance current to the most recent month-end may be viewed at www.BrighthouseFinancial.com. The investment return and principal value of an investment will fluctuate and an investor's shares, when redeemed, may be worth more or less than their original cost. Returns for Sub-Accounts that invest in Portfolios that were in existence prior to the Sub-Account inception date have been adjusted to reflect the charges and expenses of the SFL #224 Variable Annuity, as if the contract had existed during the stated period(s), including all Portfolio-level expenses, the Mortality & Expense and Administration Charges of 0.89%. These results do not reflect the Administrative Fee. These results do not reflect the withdrawal charges which begin at 7% and decrease over 5 years (for returns reflecting these charges, see the Standardized report pages in this document that follows this Nonstandardized report). These figures represent past performance and are not an indication of future performance.

**Non-Standardized Performance: Without surrender charges applied as of 09/30/2022**

*Annualized for Investment Options/Portfolios in existence for more than one year.

A Brighthouse Financial investment option may have a name and/or investment objective similar to that of another mutual fund with the same manager. Despite any similarity, the Brighthouse option is separate and distinct and will not have the same performance. Different performance will result from different investment policies, cash flows, fees, expenses and fund asset sizes.

The performance shown may reflect, for some periods described, the management of previous investment managers. Please see the prospectus for more information.

A fee waiver or expense limit may be or have been in place for any of the investment options. The reduced expenses that may result from this waiver or limit may increase performance results. Please see the prospectus for more information.

**Investment in the Fidelity VIP Government Money Market Portfolio is not insured or guaranteed by the Federal Deposit Insurance Corporation or any other government agency. Although the Portfolio seeks to preserve the value of your investment at $1.00 per share, it is possible to lose money by investing in the Portfolio.**

1 Effective April 28, 2008, the MFS Value Portfolio of the Met Investors Series Trust (MIST) merged with and into the MFS Value Portfolio of the Metropolitan Series Fund, Inc. (MSF). Values before April 28, 2008 reflect the performance of the MSF MFS Value Portfolio (formerly Harris Oakmark Large Cap Value Portfolio) since its inception on November 9, 1998. (Note that because the MIST MFS Value Portfolio is deemed to be the “accounting” survivor of the merger, the performance history set forth in the Portfolio’s April 28, 2008 prospectus is that of the MIST MFS Value Portfolio.)

2 On or about May 1, 2010, the FI Mid Cap Opportunities Portfolio of the Metropolitan Series Fund, Inc. merged with and into the Morgan Stanley Mid Cap Growth Portfolio of the Met Investors Series Trust. Values before May 1, 2010 reflect the performance of the FI Mid Cap Opportunities Portfolio.

3 Effective on or about September 1, 2017, Massachusetts Financial Services Company replaced BlackRock Advisors, LLC as the subadviser to the MFS® Value Portfolio II, which was previously known as BlackRock Large Cap Value Portfolio.

4 Prior to the opening of business on April 30, 2018, the MFS® Value Portfolio II (formerly the BlackRock Large Cap Value Portfolio) of Brighthouse Funds Trust II merged with and into the MFS® Value Portfolio of Brighthouse Funds Trust II.

5 Effective on November 1, 2021, Allspring Global Investments, LLC replaced Wells Capital Management as the subadviser to the Brighthouse Small Cap Value Portfolio.

Variable annuities are long-term investments designed for retirement purposes. Variable annuities have limitations, exclusions, charges, termination provisions and terms for keeping them in force. There is no guarantee that any of the variable investment options in this product will meet its stated goals or objectives. The account value is subject to market fluctuations and investment risks so that, when withdrawn, it may be worth more or less than its original value. All product guarantees, including optional benefits, are subject to the claims-paying ability and financial strength of the issuing insurance company.

Withdrawals of taxable amounts are subject to ordinary income tax. Withdrawals made before age 59½ may also be subject to a 10% federal income tax penalty. Distributions of taxable amounts from a non-qualified annuity may also be subject to the 3.8% Net Investment Income Tax that is generally imposed on interest, dividends, and annuity income if the modified adjusted gross income exceeds the applicable threshold amount. Withdrawals will reduce the death benefit and account value. Withdrawals may be subject to withdrawal charges.

The SFL #224 variable annuity is issued by Brighthouse Life Insurance Company (previously issued by MetLife Insurance Company USA) on Policy Form Series SF-226R3 and is distributed by Brighthouse Securities, LLC (member FINRA).

The performance data quoted represents past performance and does not guarantee future results. Current performance may be lower or higher than the performance figures quoted. Performance current to the most recent month-end may be viewed at www.BrightHouseFinancial.com. The investment return and principal value of an investment will fluctuate and an investor’s shares, when redeemed, may be worth more or less than their original cost. Each Investment Option consists of a sub-account of the separate account supporting the contract (a “Sub-Account”) that invests solely in a fund portfolio (a “Portfolio”). Standardized Performance for an Investment Option, as defined by the SEC, is the Average Annual Total Return for periods commencing no earlier than the Sub-Account inception date and terminating at the end of the most recent calendar quarter. Average Annual Total Returns shown that include periods prior to the Sub-Account inception date are Non-Standardized Performance. Charges for Standardized Performance include all Portfolio-level expenses, the Mortality & Expense and Administration Charges of 0.89%, the maximum applicable withdrawal charge of 7%. These results do not reflect the Administrative Fee. Past performance does not guarantee future results.
