

Current Renewal Rates (6-Year)

For Contracts Issued Between 2013 - 2017
 Effective 11/01/2018 through 11/30/2018

A Brighthouse ShieldSM Annuity gives you the flexibility to decide what to do with your Shield Options at the end of your term. Shield Options include level of protection, tracked index, and term length. To begin, locate your renewal notice and identify the term end date. This date will determine whether you should see current or future rates. Current rates are for terms expiring this month, and future rates are for terms expiring the following month. To finalize your Shield Renewal you have the flexibility to decide what to do next:

1. Change your current Shield Options

If you'd like to change your Shield Options, please contact your financial professional or call our Annuity Service Office at 1(800)638-7732 by the end of your renewal term

2. Maintain your current Shield Options

If you'd like to stay in the same Shield Options, you do not need to take any further action. Your Shield Options will automatically renew using the new rate for each allocation.

Please Note: If your current Shield Options are no longer available, we will automatically transfer these amount to the Fixed Account unless you instruct us otherwise. If the Fixed Account is not available, we will transfer these amounts into the Shield Option with, in order of priority, the shortest Term, the highest Shield Rate and the lowest Cap Rate from the available Shield Options, unless you instruct us otherwise.

The Maximum Growth Opportunity and Step Rates accrue daily and reflect only the potential maximum interest over the entire 1- or 3-year term. Rates shown are not annual rates. At the end of any term, rates will reset based on the then-current rates.

If positive index performance of the selected index at the end of a term is less than the Maximum Growth Opportunity Rate shown, you will receive that lower rate. For the Step Rates, you will receive the rate reflected only if the index performance at the end of the term is equal to or greater than zero.

If there is negative index performance at the end of a term, Brighthouse Financial will absorb the loss up to the level of protection for the Shield Option selected and your account value will be reduced by any negative performance beyond the level of protection. If you do not elect Shield 100 or the Fixed Account, you could conceivably see a risk of substantial loss if the index declines more than your chosen level of protection.
