¹ Value or amount represented is as of the end of the statement period.

- ² The death benefit amount is determined as of the end of the business day on which we receive both proof of death and the necessary documentation in good order. See the prospectus for more details.
- ³ The Shield Rate and either the Cap Rate or Step Rate accrue based on the number of days elapsed since the term start date; however, you are automatically vested in a certain number of days beginning on the term start date. The Shield Rate and either the Cap Rate or Step Rate fully accrue on the term end date. Prior to the term end date, the accrued Shield Rate and either the accrued Cap Rate or accrued Step Rate will be the applicable rate multiplied by the greater of: (60 days multiplied by the total duration of the term in years, plus 180 days) divided by the total number of days in the term; or the total number of days elapsed since the beginning of the term divided by the total number of days in the term. In the prospectus, 60 days multiplied by the total number of years in the term plus 180 days is referred to as the Vested Period.
- ⁴ Index values are for illustrative purposes only and do not reflect actual index values of the S&P 500[®] Index, Russell 2000[®] Index, and MSCI EAFE Index.
- ⁵ Withdrawals may be subject to withdrawal charges.

This material must be preceded or accompanied by a prospectus for Brighthouse Shield Level Select 6-Year Annuity, issued in New York only by Brighthouse Life Insurance Company of NY, which contains information about the contract's features, risks, charges, and expenses. Clients should read the prospectus, which is available from their financial professional, and consider its information carefully before investing. Brighthouse Financial reserves the right to substitute any index at any time.

Brighthouse Shield Level Select 6-Year Annuity is a long-term investment designed for retirement purposes. It has limitations, exclusions, charges, termination provisions, and terms for keeping it in force, and is not guaranteed by the broker/dealer, the insurance agency, the underwriter, or any affiliates of those entities from which it was purchased. All representations and contract guarantees, including the death benefit and annuity payout rates, are subject to the claims-paying ability and financial strength of Brighthouse Financial. Because the client agrees to absorb all losses beyond their chosen Shield Rate, there is a risk of substantial loss of principal. Please refer to "Risk Factors" in the contract prospectus for more details

Withdrawals of taxable amounts are subject to ordinary income tax. Withdrawals made before age 59½ may also be subject to a 10% federal income tax penalty. Distributions of taxable amounts from a non-qualified annuity may also be subject to the 3.8% Net Investment Income Tax that is generally imposed on interest, dividends, and annuity income if the modified adjusted gross income exceeds the applicable threshold amount. Withdrawals will reduce the death benefit and account value. Withdrawals may be subject to withdrawal charges.

Any discussion of taxes is for general informational purposes only, does not purport to be complete or cover every situation, and should not be construed as legal, tax, or accounting advice. Clients should confer with their qualified legal, tax, and accounting professionals as appropriate.
