

Brighthouse Shield Level Pay Plus® II Annuities

Withdrawal Rates

The withdrawal rate for Shield Level Pay Plus® II Annuities will be determined at the Annual Benefit Commencement Date. This rate is based on the covered person's age at the time of the Annual Benefit Commencement Date, the contract year from the issue date, and whether Single Life or Joint Life Income is elected. Both versions of our built-in income rider feature withdrawal rates that can help you make the most of your retirement.¹

Withdrawal rates are effective as of 07/22/2024 and are subject to change.

Determining Your Withdrawal Rate

Step 1:

At what age would you like to begin receiving income?

Step 2:

What contract year will you be in at that age?

Step 3:

Did you choose Single or Joint Life Income?

Visit brighthousefinancial.com for more information.

¹ The income rider is referred to as the Guaranteed Lifetime Withdrawal Benefit (GLWB) Rider in the prospectus.

² If the account value reduces to zero due to a non-excess withdrawal, or if there are insufficient funds to deduct the rider charge, lifetime income payments will be calculated using the applicable lifetime guarantee rate. If the account value is reduced to zero due to early or excess withdrawals, lifetime income payments will not be received.

³ If Joint Life Income is elected, a joint covered person must be added to the contract. The joint covered person must be the spouse of the covered person, cannot be more than 10 years younger than the covered person as determined by the birthdays of the two individuals, and will be considered the primary beneficiary.

This material must be preceded or accompanied by a prospectus for Brighthouse Shield Level Pay Plus II Annuity or Brighthouse Shield Level Pay Plus II Advisory Annuity, issued by Brighthouse Life Insurance Company, which contains information about the contract's features, risks, charges, and expenses. Clients should read the prospectus, which is available from their financial professional, and consider its information carefully before investing. Brighthouse Financial reserves the right to substitute any index at any time.

Brighthouse Shield Level Pay Plus II Annuity and Brighthouse Shield Level Pay Plus II Advisory Annuity are long-term investments designed for retirement purposes. They have limitations, exclusions, charges, termination provisions, and terms for keeping them in force and are not guaranteed by the broker/dealer, insurance agency, underwriter, or any affiliates of those entities from which they were purchased. All representations and contract guarantees, including the death benefit and annuity payout rates, are subject to the claims-paying ability and financial strength of the issuing insurance company. Because the client agrees to absorb all losses beyond their chosen Shield Rate, there is a risk of substantial loss of principal. Please refer to "Risk Factors" in the contract prospectus for more details.

Withdrawals of taxable amounts are subject to ordinary income tax. Withdrawals made before age 59½ may also be subject to a 10% federal income tax penalty. Distributions of taxable amounts from a non-qualified annuity may also be subject to the 3.8% Net Investment Income Tax that is generally imposed on interest, dividends, and annuity income if the modified adjusted gross income exceeds the applicable threshold amount. Withdrawals will reduce the death benefit and account value. Early or excess withdrawals may reduce the Benefit Base and Net Purchase Payment Amount. The Benefit Base is referred to as the GLWB Base in the prospectus. Withdrawals may be subject to withdrawal charges.
