

New Contract Rates (Advisory)

Effective 12/1/2022 through 12/14/2022 and are subject to change

Cap Rates and Step Rates accrue daily and reflect only the potential maximum interest over the entire 1-, 3-, or 6-year term. Rates shown are not annual rates. **At the end of any term, all rates will reset based on then-current renewal rates.**

If positive index performance of the selected index at the end of a term is less than the Cap Rate shown, you will receive the lower rate. For Step Rates, you will receive the rate reflected only if the index performance at the end of the term is equal to or greater than zero.

If there is negative index performance at the end of a term, Brighthouse Financial will absorb losses up to the level of protection for the selected Shield Option and your account value will be reduced by any negative performance beyond the level of protection. If you do not elect the Fixed Account, you could see a substantial loss if the index declines more than your level of protection.
