

Brighthouse SmartCare®

New Business Rates

Rates effective as of 02/26/2024

Brighthouse SmartCare® is an indexed universal life insurance policy with long-term care riders. Policyholders may allocate all or a portion of net premiums to one or more Indexed Accounts and/or the Fixed Account. The Indexed Account(s) will be credited interest based on Cap Rates and Floor Rates at the end of each 1-year term. The Cap Rate reflects the maximum interest rate and the Floor Rate reflects the minimum interest rate that will be credited to an Indexed Account.

If the index is positive at the end of the term, the lower of the Cap Rate or index performance will be credited to the Indexed Account. If there is negative index performance at the end of the term, the issuing insurance company will absorb the loss and the Indexed Account will be credited with a 0% Floor Rate.
