Rate Lock

- If the application is received within 14 calendar days of the application sign date, the rate is locked at the application sign date for 60 days from the application sign date.
- If the application is received 15+ calendar days after the application sign date, the rate is locked at application received date for 60 days from the application received date.
- If the contract is issued³ after the 60-day rate lock has expired, then-current rates apply.

For more information, contact your financial professional or visit brighthousefinancial.com.

Renewals

- At the end of the Initial Guarantee Period, the contract will automatically renew into a Subsequent Guarantee Period of one year at the then-current renewal interest rate, and will no longer be subject to a Withdrawal Charge.
- For each Subsequent Guarantee Period, a new renewal interest rate will be declared. Renewal interest rates will generally be lower than the Initial Guaranteed Interest Rate, but will not be less than the Minimum Guaranteed Interest Rate (MGIR).

¹ Interest rates are effective annual yields. Any withdrawal will affect the total interest earned.

² The Enhanced Interest Rate may not be available if the new contract rates for a Purchase Payment of \$25,000 - \$99,999 are equal to the contractual MGIR. The MGIR is based on effective date of the contract. Beginning March 15, 2023, the MGIR for newly issued contracts is 1.75%.

³ For applications reflecting a single purchase payment, the contract is issued when the purchase payment is received and applied to the contract. For applications reflecting funds from multiple sources, a calculation based on the amounts and the date received is used to determine when the contract is issued.

Access Your Money

- In the first contract year, the Free Withdrawal Amount is 10% of the Purchase Agreement. After the first contract year, the Free Withdrawal Amount available in each contract year will be equal to 10% of the Account Value as of the previous contract anniversary.
- Interest Income Program.
- Full Account Value – after the Initial Guarantee Period.
- If you withdraw more than your Free Withdrawal Amount, a Withdrawal Charge may apply.
- At the appropriate time, you can convert your contract into a stream of fixed income payments, guaranteed for life.
